FEBRUARY 2022

FROM THE BOARD:

Winter is finally here and we were immediately blessed with about a foot of snow. While the view outside is beautiful, a few challenges arose. The quick overnight snow provided some issues with removal and plowing that were unfortunately out of our control. Delays caused some inconveniences and we apologize for that. This was used as a learning experience which allowed updates to processes to hopefully avoid future circumstances like we just experienced.

We appreciate the communications received regarding stuck vehicles, shoveling needs and questions about timing. Carl spent countless hours managing the snow accumulation and communications among residents. Please continue to utilize the contact reference sheet information for the Manager and Board Members calls and texts when needed.

Please remember that during any snow, vehicles should be moved from parking cutouts and driveways so plowing and snow removal can take place.

Should any resident need special handling or shoveling due to medical necessity, please fill out and submit a Communications Worksheet form explaining your need.

Board meetings will still remain closed due to Covid concerns, but we ask that any concerns or questions be written and submitted via Communications Worksheet at the Community Center.

We wish you safety and warmth during the cold weather.
