MARCH 2022

FROM THE BOARD:

The last few weeks have seen a couple issues with plowing and ice removal. Communication with our contractor has given a new process and likely eliminated any future holdups. Spring is approaching fast but snow and ice could still come in the next few weeks. If you have a specific work or medical accommodation which would require special or advanced plowing, please use a communications sheet to provide details to our manager. Remember that during snowy weather, having cars moved from streets, cutouts and driveways is the only way to ensure you have clear areas for safety and ease of driving. Please use garages for parking during these times to allow plows to clear all necessary surfaces.

A reminder that parking in front of storage units is not allowed. Please use cutouts and driveways for parking longer than a few hours.

As of March 1, all events and board meetings will be open to everyone without restriction. All are welcome to join at their own comfort with masks being optional.

A sincere thank you is deserved for all of the extra hours our manager, Carl, has worked during and after the recent storms to make sure people are safe, roads are drivable, and those who were stuck were assisted and cleared from the snow. Carl has proven to be a tremendous asset and valued part of our community in just a short time. Filling the shoes of our former manager, Jim, was sure to be a huge undertaking, but Carl has shown his skill and ability day in and day out and deserves a "Thank You" from us all. Jim would be proud!
