## **FROM THE BOARD:**

Our community at Pine Ridge has always been a beautiful sight for residents to enjoy and feel proud. The last five months have brought about challenges with landscaping, weeds, and the tree project. It's not easy replacing a skilled manager and a time-groomed landscaping company. Unfortunately, we were faced with those two things. The transition has been difficult at times, but our new Manager has brought significant efforts and skill to the situation. The efforts of the Board and Carl have brought about great things and progress. We are aware of some ongoing issues regarding lawn mowing, weed concerns, among others. Part of our responsibility as residents is to air those issues to the Board and Manager. We applaud the group of residents who attended the most recent Board meeting to properly express their concerns and issues. While the discussion was full of frustration and heart, everyone added to the meeting constructively and we feel that communication is the best way to grow.

We have a special crew with us over the next week or two to specifically address the weed control issues. Mowing lines, speed, clipping pick up, and removal of street debris are all being managed. Tree planting for the season will be complete shortly. Plowing and salting plans are being finalized. All of the amenities and conveniences we expect to enjoy are moving back on track.

The Board, Social Committee and a number of residents are also working to grow the relationships in the community through increased communication, activities, event planning, and welcoming new owners and residents.

A special THANK YOU to Bill Murphy (Vice President and Architectural Committee Chair) and his team for the work and time they spend to assist residents with improvements and projects and keeping Pine Ridge looking great!
